

AEF ARMENIA SCHOLARSHIP PROGRAM NEWSLETTER

BECAUSE EDUCATION MATTERS

For over a decade the Armenian Educational Foundation (AEF) has been providing scholarships to students in Armenia, Artsakh, and Javakhk. In addition to financial support to the students, this is an invaluable investment in the future of Armenia.

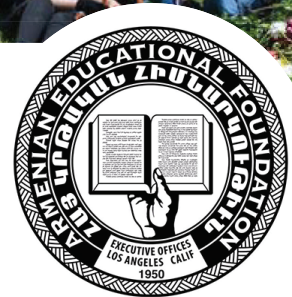

Each year, the number of scholarship recipients grows as more sponsors join in our shared vision. Since the scholarship program's inception in 2007, the number of recipients has increased from 21 to 407 (2019-20 academic year).

Thanks to generous donations from our sponsors, we will award over 550 undergraduate and graduate scholarships in fall 2020.

Scholarships are awarded based on current employment demographics and trends. For example, STEM (Science, Technology, Engineering, and Mathematics), agriculture and related fields are especially targeted. The tuition fee is transferred directly to the university on behalf of the student.

AEF requires scholarship recipients to complete 120 hours of community service each year. They tutor underprivileged students, volunteer at orphanages and senior centers, organize blood drives, and mentor new scholarship recipients to achieve success.

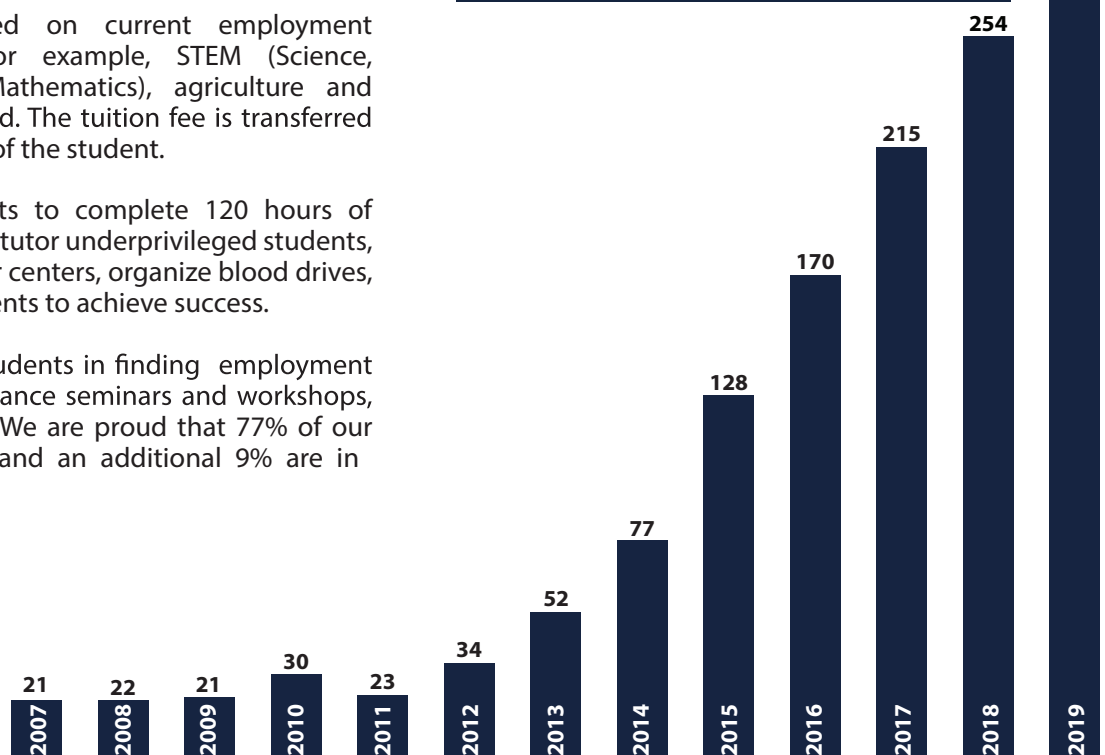

AEF continues to support these students in finding employment opportunities. We organize and finance seminars and workshops, including English and IT training. We are proud that 77% of our students are currently employed and an additional 9% are in graduate programs.

August 2020

"We extend our sincerest appreciation to all AEF scholarship sponsors listed on pages 12-13. We could not have done it without your generous support."

Peter Baghdassarian, President
AEF Board of Directors

Number of full tuition scholarships awarded annually

Success Stories...just to share a few

Samvel Arghamanyan

Samvel Arghamanyan recently received his Master's Degree from Armenian State Economic University. He has been a Jorjorian scholarship recipient since 2014. Originally from Spitak, Samvel moved to Yerevan in pursuit of higher education. Alongside university courses, he worked at various jobs to support his family. Despite working and attending classes, he found time to volunteer and become active at Civil Consciousness, NGO. Life was not always easy for Samvel as he had to overcome many challenges to succeed. Raised by a single mother, he is inspired by her tenacity and hard work. Samvel's mother taught him to always believe in himself, to never lose hope and to combine mind and spirit to overcome difficulties and hardships. In spite of serious health issues, Samvel never lost focus of his goals but rather continued diligently in pursuit of his aspirations. Today, he is enjoying a successful career at Inecobank CJSC as a Supervision and Support Specialist.

"I owe a great deal of my success to AEF. We all go through hard times in life. It's part of our reality and we have to deal with it. Through all these hardships, the AEF family has always been there for me, supporting me, boosting my confidence. I will forever appreciate this."

Sponsor: Jorjorian Education Fund

Beno Mirzoyan

Beno Mirzoyan has been a scholarship recipient since 2015. He credits the AEF for his educational and professional achievements and most importantly, public service. He received his Master's degree from the Department of Political Science at Artsakh State University. He is active with the Youth Parliament of NKR National Assembly. In 2015 he joined an international archaeological excavation at Azokh Cave as part of an expedition. Beno has participated in a number of international conferences where he presented topics including "Nagorno Karabakh Conflict: Prospects for Conflict Transformation" and "The Preconditions of the Armenian Genocide Until 1915". Beno states, "We have implemented a number of projects through the mini-grants received from the Armenian Educational Foundation. In 2017 'Human, Nature and Historical Monuments' project was implemented with the support of AEF. In 2018, AEF gave us another opportunity to implement another project with the aim of trying to inform a lot of students about the Nagorno-Karabakh issue." Beno is currently the spokesperson for the State Control Service of Artsakh Republic.

"I am very grateful to the Armenian Educational Foundation for all of my great achievements, for the many amazing opportunities and last but not least for finding the love of my life... Thank you AEF for being with me in every step of the way."

Sponsor: Hacop Baghdassarian Scholarship Fund

Gohar Abrahamyan

Gohar Abrahamyan is a graduate of Artsakh State University having received a Master's degree in Law and currently pursuing a second Master's in History. Since graduation, she has participated in a number of public events, conferences and intellectual competitions, including "Hay Aspet" patriotic game in 2015 as part of the Artsakh team. She has also published two scientific articles, Bronze Age Funeral Rituals in Armenia and Peculiarities of the Artsakh National Dresses, the second of which was published in collaboration with the Hamazkayin Educational and Cultural Society. She also took part in an international archaeological expedition at Azokh Cave.

"During my student years, my friend told me about the loving family of the Armenian Educational Foundation, and I applied to AEF to continue my education and to get my Master's degree. My friend and I have delivered lectures in various villages of Artsakh in 2017 through AEF mini-grant program, having the aim of highlighting the importance of preserving historical-architectural monuments. In 2018 we created a blog about the essence of the Nagorno-Karabakh issue and ways to solve it." Currently, Gohar works at the Artsakh State Museum. Gohar and Beno are now happily married, actively involved in the Artsakh community and very connected to their AEF family.

Sponsor: AEF in honor of Hacop Baghdassarian

Melik Mkrtchyan

It has always been difficult for Melik Mkrtchyan to think of higher education. His family struggled with financial difficulties, but he remained diligent and determined.

After serving the National Army for 2 years, he returned to enroll at Yerevan State University. To avoid any financial strain on his family, he had to take several jobs while continuing his studies. Melik has been sponsored by AEF for four years and has recently graduated with a Master's degree in History.

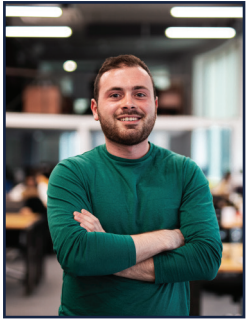

During the last two years, he conducted significant research in his field and was awarded "Best Student of YSU". Presently, he is working on his PhD while teaching history and science concurrently at Franz Werfel High School in Musaler Village, Armavir Region and Little Prince Educational Complex in Yerevan. The next step in his educational success has been working for the Ministry of Education, Science, Culture and Sport of the Republic of Armenia. Melik is excited about his future.

"I am confident that with aspiration and diligence, I will achieve many successes in life."

"My wife and I have participated in the AEF scholarship program for several years. We had the opportunity to meet our student who just graduated in pharmacy. She was extremely thankful for the scholarship as she would have had to quit her studies during her first year. She is now working in Yerevan as a pharmacist. This is just one of the AEF success stories."

Armen Melikian

Defining Armenian Resilience

Astxik Sahakyan

Sponsored by Mary Kanian IMO Nick Kanian

Astxik is currently a medical resident of cardiology at Yerevan State Medical University (YSU). She is originally from Artik Village, Shirak Region, but now lives in Yerevan with her sister and ailing grandmother. By the age of 13, Astxik lost both her parents. At 24, life has placed the entire burden of the family on her shoulders. Astxik's resilience and choice to become a cardiologist was not by chance. *"When I was only four months old, I barely escaped death. Then, at the age of thirteen, when I lost my mother due to the irreversible mistake of doctors, my desire to become a doctor became more profound. I realized that I needed to be a specialist in order not to take lives from people, but rather, to save and give a second life,"* Astghik compares herself to a healthy heart which is fragile yet miraculously hard working.

Mery Balachyan

Sponsored by AEF

Mery Balachyan is a second year Master's student at Goris State University. She lives with her husband, 2 young children, and three other family members. Her husband is engaged in farming and animal husbandry which is the main source of income for the entire family. Her father served in the Artsakh war, was wounded and disabled. Despite challenges, Mery is resilient and pushes forward with her education. Being on the cutting edge, Mery is also active in "Sose" organization which addresses education and human rights issues for women. *"I really want to become a Biology teacher so that I can work at a school. I am truly thankful to my husband's grandmother for giving me the strength and motivation to continue my education. Only with her support am I able to pursue higher education."*

Mariam Khanoyan

Sponsored by Viken Soulahian

Mariam is a Chemistry student at Vanadzor State University. She lives with relatives so that she can attend classes. Mariam's father left to work in Russia and never returned. Her mother is disabled so the only income for the family comes from the sale of fruits and vegetables from their garden. Mariam continues to be resilient. Every summer, she returns to her village in Lori to help her mother.

"I work every summer. This summer, I plan to work in one of the restaurants in Vanadzor. Last year I worked at a store in our village. At first I could not find a job as I was told that I just finished school and wouldn't be able to do the job properly because I didn't have higher education," Not surprisingly, the number of customers at the store where Mariam worked, grew exponentially.

Arus Bughdaryan

Sponsored by Ed & Katrine Ebrahimian

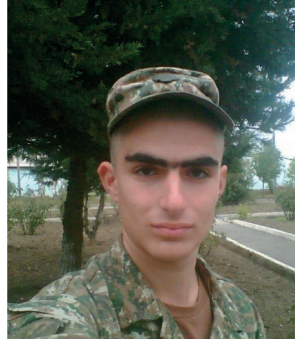

Arus is from the border village of Vazashen (Tavush Region). *"My Armenian language and literature teacher told me that I was not a student with great potential and my abilities were weak. Thankfully, my Teach for Armenia teacher, Miss Satenik, believed in me. She was the only one who said I could. And I succeeded. I decided to go deeper into math,"*

Defining resilience, Arus is currently a first year student at Yerevan State University studying Actuarial Mathematics. Just like Miss Satenik, she intends to become a teacher in order to shape lives of others.

Samvel Mirzakhanyan providing dental care to children of border village

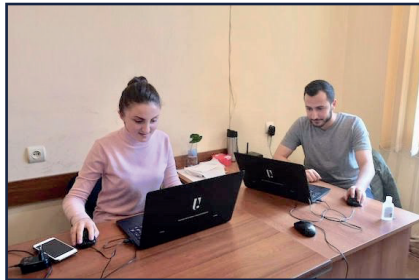

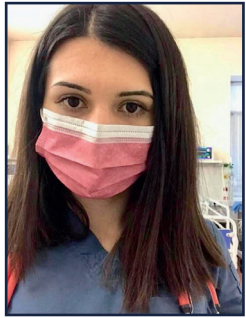

Community Service

2020 was the year marked by a global pandemic. From the onset of Covid-19, AEF students took initiative on their own and mobilized to help those in need.

Forty-four scholarship recipients led by Hamlet Khnkoyan united with a common mission to gather, purchase and deliver much needed assistance, food and supplies to those effected by the pandemic. They worked at the Ministry of Health, volunteered in hospitals, conducted online research, identified socially vulnerable families, and made masks to donate to those who could not afford them.

When AEF sponsors and members heard about this effort they raised \$22,000 to fund the purchase of food and supplies for 1800 families from all over Armenia.

We are proud of these students and our AEF family.

"Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has."

-Margaret Mead

Helping Students Qualify for Good Paying Jobs

In 2019 AEF launched a new educational program to help students find good paying jobs after graduation. AEF is providing funding for its students to attend English and Information Technology (IT) classes at private training centers. There was an incredible response to this new program and only those who passed the prepared tests were selected to join the classes. During the Covid pandemic, all training was provided online. This has been a meaningful experience for the students as both English and IT are the most required qualifications to find jobs in today's market.

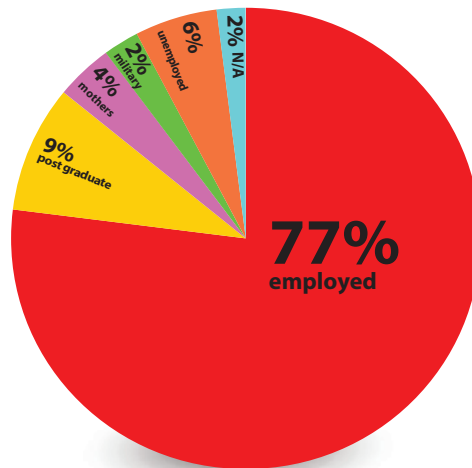

AEF students during English lessons

AEF students during IT lessons

We contacted 404 graduates, we are proud that 77% of our students are currently employed and an additional 9% are in graduate programs.

404 graduates (2011-2019) contacted

"Patriotism is not just loving a country and talking about it, patriotism requires action. AEF shows its love to Armenia by educating generations in order to build a stronger and better Armenia. God be with you. Thank you for implementing all these programs. I am so proud to have been one of the AEF scholarship recipients."

Shushan Movsisyan: Scholarship recipient from 2011-2013. Graduate of Music Conservatory where she is presently working. Sponsor; Noubar & Hermine Abrahamian.

"My youngest daughter and I were in Armenia for a medical mission last summer. We were so excited to finally get to meet the young women that our family had been sponsoring for the last 3 years. We learned, first hand, how the scholarship directly affects their life, how it's changed their path. It was so inspiring to hear the circumstances in which they came from and hear the goals that they now have for themselves. The opportunities that college has given them have given them so much hope for the future and I can't tell you how proud our family is to be a part of this program."

Gina Felikian

Annual Scholarship Celebration

CELEBRATING SUCCESS!

Excitement was in the air once again on October 2, 2019, as nearly 500 AEF scholarship recipients, sponsors and supporters gathered at the Meridian Expo Center in Yerevan to celebrate goals, aspirations, successes and achievements. The program began with the recognition of those students who served in the military, followed by a standing ovation and resounding applause. Graduating students with a Bachelor's or Master's degree, were called to the stage and awarded Certificates of Completion.

Former scholarship recipient, Taguhi Ghazaryan, presently a member of the National Assembly, recounted the immense impact that AEF had on her career and accomplishments. Next, Sipan Asatryan, currently serving on the Yerevan City Council, shared his inspirational story.

Zareh Sinanian

Lastly, RA Commissioner for Diaspora Affairs, Zareh Sinanian, joined the event to express his gratitude to the sponsors and the Armenian Educational Foundation for their vision and unwavering commitment to future prosperity through the gift of education. Social hour followed to make the evening enjoyable and memorable. What a rewarding and inspiring opportunity it is each year for diaspora Armenians to interact with the future leaders of Armenia, to create an enduring and very necessary partnership, and to assure the future of the Homeland. We invite you to come and make memories!

AEF extends its heartfelt gratitude to Mr. Gagik Gevorkyan for providing the Meridian Expo Center banquet facility.

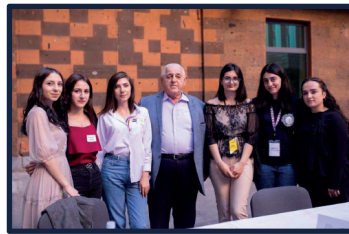

2019-2020 SCHOLARSHIP SPONSORS

The success of the scholarship program is dependent on the gracious support of our sponsors. We are sincerely grateful to endowment funds and individuals who have generously donated \$1,000 each year to cover the full tuition of one student (number of students sponsored is in parenthesis). In addition to the following sponsors, AEF is supporting 105 more scholarships.

"It was such a pleasure for us to finally meet our AEF students in Yerevan. Their warm smiles and expressions of sincere gratitude truly made our trip to Armenia even more special. We were proud to learn about each of their academic accomplishments and how their individual areas of study have impacted their lives. Meeting the students makes us proud to be Armenian and gives us tremendous hope for a bright future for our homeland."

Katherine Panossian

FUTURE SCHOLARSHIP SPONSORS

Our sincere appreciation to the following individuals who have graciously offered to sponsor scholarships starting in fall 2020:

- Karen Vardanyan Memorial Scholarship (10)
- Barigian Family Foundation (6)
- Vatche & Lena Fermanian (5)
- Vatche & Shoushig Cabayan (4)
- Sako & Susanna Jarakian (3)
- Rita Sherman (added 3)
MO Larry Sherman
- Kurken Berksanlar Scholarship Fund (added 2)
- Harmik & Ziba Gregorian (2)
- Chris & Armine Khatchaturian (added 2)
- Ara & Armine Tavitian (2)
IMO Michel Aghajanian
- Vahe & Natalune Akopian (1)
- Arsene & Hasmik Baran (1)
- Susan Vartanian Barba (added 1)
- Irene & Glenn Bourdon (1)
- Vartan Gregorian (1)
- Meinhard Marek & Sose Avedian (1)
- Norik & Ramella Markarian (1)
- Raffi & Zepure Ohanian (1)
- Klaus & Arda Ritter (1)
- Robert & Sonia Smith (1)
- Andy & Hayde Torosyan (1)
- Serjik & Anna Vartazarian (1)
- Cathy Yesayan (1)
- Sarkis & Virginia Zeitjian (1)
- Kevork & Elizabeth Zoryan (1)
